**Re:** Cancelling the additional claims for which fees are due.

Application number **10/711,467**.

Mini core in drilling samples for high resolution Formation Evaluation on drilling cuttings samples.

**What is claimed is:**

**Claim 1 remains. (1.)**

**Claim 1** is the apparatus consisting of narrow cylinder with a piston.

**Claim 2 is cancelled.**

**Claim 2.** 1.1 the thin wall cylinder, that is capable to be rotated by hand and pressed in to the cup with wet sample of drilling cuttings.

**Claim 3 remains. (2.)**

**Claim 3.** 1.2 is the piston that is placed after the desired depth of sample is reached.

**Claim 4 remains. (3.)**

**Claim 4.** 2. The rotating of the thin wall cylinder by hand and pressing it in to the cup with wet sample of drilling cuttings

**Claim 5 is cancelled.**

**Claim 5.** 2.1 The placing of the piston, after the desired depth of sample is reached.

**Claim 6 is cancelled.**

**Claim 6.** 2.2 The pulling of the core out from the cup and then squeezing it out on the flat tray for horizontal analysis.

Total claims - **3**.
